

With Lifeline, help is just a press of a button away

Your Lifeline options

Step 1: Select a Personal Help Button

Choose between a pendant or wrist style.

Step 2: Select a Communicator

Choose the one that best meets your needs.

CarePartner Basic Unit

Working with your existing telephone, this unit offers all the benefits of 24-hour medical alert service, along with two-way voice communication.

CarePartner Telephone

This senior-friendly unit is both a telephone and a two-way communicator with enhanced features, including:

- High-volume speaker, handset and ringer control
- Ability to record medication and appointment reminders to help you stay on schedule

How Philips Lifeline works

1

Summon help

When you need help, just press your **Personal Help Button**, which activates the CarePartner Communicator.

2

Professional intervention

Your **CarePartner Communicator** then dials the Lifeline Response Center and establishes two-way voice communication.

3

Personal response

Within seconds, a **Lifeline Response Associate** accesses your profile and quickly assesses the situation.

4

Closed loop

The Associate then contacts a neighbor, loved one or emergency services, based on your specific needs.

The Lifeline Response Associate will follow up to ensure that help arrived.
