What the Cancer Care Coordinator Can Do for You

Virginia G. Piper Cancer Center at
Scottsdale Healthcare Shea Medical Center

70144 (5/09)

About the Cancer Care Coordinator

Every cancer diagnosis comes with plenty to think about. You may have questions that need answers, tests to schedule, treatments to consider, concerns about family members or uncertainty about how the medical system works.

With all of this, you may need someone to help support you and guide you throughout your care.

That someone is the Cancer Care Coordinator at the Virginia G. Piper Cancer Center at Scottsdale Healthcare. Focused on your comfort and convenience, this healthcare expert provides the understanding care you want and deserve when you need it most.

Who is the Cancer Care Coordinator?

The Scottsdale Healthcare Cancer Care Coordinator is an experienced advanced practice nurse with expertise in oncology. From the time you're diagnosed, this nurse coordinator is available as a dedicated member of your cancer care team to facilitate personalized cancer care for you and your family.

What does the Cancer Care Coordinator do?

Serving as a link between you, physicians and the Virginia G. Piper Cancer Center, the Cancer Care Coordinator ensures that appropriate education, support and resources are provided. This includes:

- Consulting with you and your family members to describe the comprehensive spectrum of services available at the Virginia G. Piper Cancer Center.
- Assessing the individual needs of you and your family, and providing the necessary education, information and resource materials.
- Conducting follow-up to ease stress and provide ongoing support and education.
- Providing education on navigating the healthcare system and strategies for being your own healthcare advocate.

Virginia G. Piper Cancer Center

The Virginia G. Piper Cancer Center at Scottsdale Healthcare is known for its innovative combination of community oncology services, academic medicine and genomic research. This unique treatment and research center provides special areas of cancer expertise that generally are not available in a community hospital cancer program setting. The Virginia G. Piper Cancer Center is designed to meet the individual needs of patients with cancer.
