## Summer schoolers to explore hospitals for ‘Doctor 101’

SCOTTSDALE, Ariz. (June 2, 2008) – Sunrise Middle School students from the “Doctor 101” summer enrichment programs will explore Scottsdale Healthcare’s medical centers in June. The tours are part of an innovative community partnership for health education.

The students will have an opportunity to discover the world of medicine. Scottsdale Healthcare partners with schools for this innovative education experience in the healthcare field. The students will visit Scottsdale Healthcare’s three campuses: Scottsdale Healthcare Thompson Peak on June 13, Scottsdale Healthcare Shea on June 20 and Scottsdale Healthcare Osborn on June 27.

Students will learn about heart health and the cardiovascular system by touring the Cardiac Catheterization Lab and Cardiac Rehabilitation Center. They’ll also learn about how things like broken bones are treated and the musculoskeletal system while visiting the Emergency Department, the Trauma Center, the Total Joint Center and orthopedics unit and Inpatient Physical Therapy. Physicians and staff will take this opportunity to reinforce the students’ summer school experience, supporting what they learned in the classroom.

Scottsdale Healthcare’s popular Doctor 101 debuted in 2006 with Grayhawk Elementary School. Students, parents and teachers benefit from the interaction they have with the staff and physicians, while the healthcare professionals enjoy sharing their knowledge.

*Scottsdale Healthcare ([www.shc.org](http://www.shc.org)) is the not-for-profit parent organization of the Scottsdale Healthcare Osborn, Scottsdale Healthcare Shea and Scottsdale Healthcare Thompson Peak hospitals, Virginia G. Piper Cancer Center, Scottsdale Clinical Research Institute, Scottsdale Healthcare Home Health Services and Scottsdale Healthcare Community Health Services.*
